

CHAPTER 6

Public Works Projects

5-6-1 Public Works Projects

SEC. 5-6-1 PUBLIC WORKS PROJECTS.

- (a) Authorization. Upon the approval of the City Council, the Department of Public Works of the City of Thorp is authorized to undertake any public construction project or part(s) thereof without submitting the same for bids.
- (b) Accounting and Reporting of Cost. With regard to any work performed in accordance with this Ordinance, the Director of Public Works shall keep an accurate account of the cost of such public construction project, including the necessary overhead expense. Upon completion of the public construction project, the Director of Public Works shall make a complete report thereof to the City Council, stating in detail the items of cost and the total cost of doing such work, and the city clerk shall publish such report as a part of the proceedings of the City Council.
- (c) Violations. In the event that Director of Public Works shall fail to comply with the provisions of this Ordinance, he shall be liable to a forfeiture of fifty (\$50.00) dollars to be recovered as in case of other penalties.
