

City of Thorp
Permanent Full-Time Employment Opportunity

The City of Thorp is accepting applications for the following permanent full-time position:

Public Works & Utilities Staff—Primary Water Operator
Starting Wage: \$17.00-\$19.00 (DOQ), plus benefits

This position will require physically demanding labor, often in adverse weather conditions. General duties include (but are not limited to): property, facility and infrastructure maintenance; and the operation and maintenance of various vehicles and machinery. Primary Water Operator duties include monitoring wells, waters sampling, meter testing and replacement, and valve and hydrant exercising. Current Class B CDL preferred, but required within 6 months (with current permit). Water System Operator, Sewer Treatment Plant Operator, and Certified Pool Operator certifications must be obtained in required timelines. Candidates are encouraged to read the full job description prior to applying.

Candidates with the proper combination of current certifications, and work and management experience could be considered for an

Assistant Public Works Director

position, which could include additional pay and responsibilities. Primary duties would be as detailed above, but the candidate would be groomed to potentially take over as the Director of Public Works in 3-5 years.

The application deadline is 4:00pm on Wednesday May 3, 2017. Applications and a full job description are available at City Hall or on the City of Thorp website (www.cityofthorp.com/employment-opportunities/). Applications can also be emailed to administrator@cityofthorp.com by the deadline.
